

Installation Notes

PC Minimum System Requirements

VolleyWrite is designed to run on a PC with the following attributes:

- ▶ Operating System: Windows 10, 8, and 7 (SP1)
- ▶ Disk Space: 200 Megabytes
- ▶ Memory: 4 Gigabytes
- ▶ Adobe Reader: Available via free download from Adobe.com
- ▶ .Net Framework: Version 4.6.2 (usually included in Windows)
Available via free download from Microsoft.com

Product Key Application

If you do not have the VolleyWrite app, click on the green [VolleyWrite](#) button on the [Support page](#) at VolleyWrite.com to download the installer, then run it.

1. Upon purchasing VolleyWrite, you will receive an e-mail message containing a product key and instructions. Check your spam/junk folders!
2. Open the e-mail message to extract the product key. Select the entire key with your cursor, beginning with "VW" and ending with "==".
3. Use the Control C function (or right click and Copy) to copy the key text into your keyboard buffer.
4. Start VolleyWrite by double-clicking the VolleyWrite icon on your computer desktop. VolleyWrite opens on the Welcome tab. If you are not prompted to enter a new product key, click on the [Extend License](#) button.
5. Use the Control V function (or right click and Paste) to paste the key from the buffer into the box.
6. Once a product key has been entered, VolleyWrite indicates the expiration date on the bottom of the Welcome Tab.
7. The product key does not have to be entered again when a new version of VolleyWrite is installed.
